Sufjan Stevens departs from the singer-songwriter persona of *A Sun Came, Michigan*, and *Seven Swans*, with fourteen instrumental compositions based on the animals of the Chinese Zodiac. Combining his widely acclaimed gift for melody with electronic sounds, *Enjoy Your Rabbit*, deftly demonstrates Sufjan's versatility with an unusually playful and engagingly human electronic experience. **XLR8R** enjoyed their Rabbit, calling it "a transgressive, majestic album conjuring an academic jam session of **Stereolab** and **Luke Vibert** conducted by **Steve Reich**."
