The rock revival is here. Rejoice. Shout. Join in!

Cass McCombs currently resides in Baltimore MD, the home of the Ouija board. A voracious songwriter, Cass' decision to hone his band and music in Charm City's thriving creative climate is an apt one indeed. Inexpensive living, talented peers and plenty of "alone time" make a perfect agar for young McCombs' fermentations. Armed with a wide-ranging knowledge of Literature and a penchant for debauchery, Cass spears emotions and croons to the soul from a room on the south side of town.

The critics are singing the praises of Cass, and fans grow by the day. Cass' honest approach to getting his music heard relies on the power of compelling live performances that showcase his disarming manner and unique songs. In this current climate of studded belts, fifty dollar rocker poodle haircuts and ADHD, we here at Monitor are happy to let the hipsters eat their factory fresh Krispy Kremes, because we've got a homemade apple pie.
