The self-titled album *A Hawk And A Hacksaw* was conceived and performed by Jeremy Barnes of **Bablicon** and **Neutral Milk Hotel**. This album features intricate piano-based compositions, layered with accordian, percussion, horns and bells. It was recorded over the course of 15 months in the countryside of France.

On this record, Jeremy translates the propulsive energy of his drumming into virtuoso command of the keyboard that is percussive yet melodic. The pieces are beautifully recorded and masterfully sculpted with tape splices, 'musique concrete' and embellishments from a variety of guest performers. *A Hawk And A Hacksaw* will be touring the U.S. in October / November, playing with, and opening for the UK band **Broadcast**.
